

Tūmanako | Hopes, Dreams, Desires

Designed to maximise views, most rooms in this home have a great outlook. Inside, the kitchen is central with a scullery and expansive views across your property. The primary bedroom has a large covered private patio, a massive walk-in wardrobe and an ensuite as well. Another cool feature is the full-height glazed slider in the media which allows light to pass through. If you're after a modern 4 bedroom home, this is a great option.
