

Puketoi | Summit Of The Hill

Designed with two main wings around dual outdoor living spaces, this home's design is well thought out. All bedrooms are positioned for morning sun. The master also enjoys a shared outdoor space. The open plan living room has the option of a pitched ceiling and this space flows out to both morning and evening outdoor living areas. Classic and functional are the two main elements that make this a great choice!

Floor Area: 167m²

Min Section Size Needed: 420m²
