Mangamahu | Gentle Stream

The Home is a modern styled home with a smart layout. From the moment you step inside the foyer, your eyes will face a small tree garden, facing north, framed by a full height window. The master enjoys its own private wing off the foyer with an ensuite to die for. Some nice features in this design include the scullery, high ceilings in the living and master with overhead glazing for a light living space, a study nook, plenty of storage, a workbench and a large laundry. If you like modern styled homes, this is a design you cannot pass on!
